

## Hampton Springs Series of Homes

*Coastal Traditional Collection*

Nostalgia is a powerful feeling, which is certainly part of the appeal of these popular house plans. They look and feel like a beloved place from your childhood—perhaps your grandparents' home or the house you grew up in on a quiet lane. While the tradition is captured in the exteriors, the interiors of these plans are fully modern, with open, flowing floor plans and very luxurious master retreats. Call these updated classics.
